

Child, adult and eldercare when your regular care plans fall through

Pre-Planning

...the provider of your choice gives you peace of mind. You can call to arrange backup care for your child or an aging family member.

1

Call today to preregister and choose a provider. This will help you plan and save time when you know when you'll need backup care.

2

As soon as you know when you'll need backup care, be sure to call for an authorization.

Note: You need an authorization in order to get reimbursed for care. You can preregister and get an authorization at the same time if you're ready to schedule the first time you call.

3

If the provider is in our network, we'll arrange the care for you. If it's a center or personal caregiver you've chosen, you'll need to contact the provider to set up care.

Resources for Living is here to help.

We're here for you **24/7**. Give us a **call or visit us online** for resources and support.
